The woman who is there is the manager...cynthia is the operator – so she does not stay at any FM all day, as I understand it. It was slow yesterday, but KD and I popped in and Ramesh was there. She wants a meeting and a plan for door hangers (3 maybe)..one before the Dec event, one for April or May and one for July or August.

Hang in there..we will have a great meeting.

Just a quick note... I'm "flying fast & low" in preparation for the WBIA on Thursday. I'll call later.

However...

I stopped by the Farmer's Market late yesterday. Real late. Cynthia wasn't there but it appeared that her "assistant" was. I did not introduce myself. Sigagge per our last plan with Cynthia was not in place. I want to know that if she is not going to be there that at least there will not be translation issues between them. That is that we continue with the same agreed upon program.

I also looked at tree wells. The 3 new ones look good, I think. What do you think? I'd like to know your thoughts. (John is happy with the new ones. We will add new wood border to the interior. Still to be replaced is the insert that has broken section and the insert made of blocks.) Let me know.

Thanks. Talk soon. Have a good day.
